

### **Fever River Name Restored**

Governor Tommy Thompson and State Representative Steve Freese (R-Hazel Green) with Malcolm French's homemade Fever River sign. The Governor came to Benton last week to sign a law that restores the name Fever to what officially had been called the Galena River. Thompson signed the bill on Houtakker Bridge just outside of Benton on Bean Street Road. More than 50 people attended the signing of the bill last Wednesday. The name applies only to the 29-mile stretch of the river in Wisconsin. (Press Photo)
